INVITATION TO WANDERING MINDS INTERACTIVE MOBILE EXHIBITS

The Wandering Minds Science Mobile Exhibit is inviting all students from Preschool to Senior High School level to participate on this activity. This exhibit aims to continue inspiring and engaging students nationwide through interactive learning experiences, designed to complement the K-12 curriculum and instill a deep appreciation for science and technology.

For interested schools, please contact Ms. Kristel Dianne Tabangay-Barnhill thru cellphone number 09190983298 for further details. Attached is the copy of letter request/ communication for specific details.

Participation in this activity shall be on voluntary basis as such, participants themselves shall shoulder any registration fees, and other expenses. Furthermore, their participation shall be subject to the non-disruption of classes policy as stipulated in DepEd Order No. 9, s. 2005, titled "*Instituting Measures to Increase Engaged Time-on-Task and Ensuring Compliance Therewith*".

WANDERING MINDS

INTERACTIVE MOBILE EXHIBITS

SPACE DOME | 3D EXPERIENCE |
JURASSIC ON WHEELS | WORLD OF AI

May 21, 2025

Dr. Roy Angelo E. Gazo, CESO V
Schools Division Superintendent
Schools Division of Cagayan de Oro City

Dear SDS Gazo:

The Wandering Minds Science Mobile Exhibit is a traveling educational program we have proudly conducted since 2019. For over five years, we have brought science to life for thousands of students through modern, interactive, and immersive exhibits that make learning exciting and meaningful. Each year, we update and expand our offerings to stay aligned with current scientific and technological advancements. May we humbly request your *advisory* for our *co-curricular activities*, in accordance with the policies and guidelines stipulated in DepEd Order No. 9, s. 2005, entitled "Instituting Measures to Increase Engaged Time-on-Task and Ensuring Compliance Therewith."

We aim to continue inspiring and engaging students nationwide through our interactive learning experiences, designed to complement the K-12 curriculum and instill a deep appreciation for science and technology. Our updated program includes:

- Wandering Minds Space Dome Mobile Planetarium Experience
- The Ultimate 3D Science Experience
- Jurassic On Wheels and the World of AI (updated with new AI simulations and exhibits)
- Aquadome: An Immersive Journey into Aquatic Life and Environmental Stewardship – launching by Q4 of 2025

All programs are aligned with the provisions of DepEd Order No. 9, s. 2005 and will be conducted on school campuses, with the assistance of our trained lecturers and facilitators. We assure the Department and participating schools that all financial contributions remain voluntary; our team ensures no pressure will be placed on students or schools to contribute and we are committed to making our exhibits inclusive and accessible to all students regardless of financial means.

2024-2025 DepEd Central Advisory: Advisory 068, s. 2024 Title: Wandering Minds Co-Curricular Activities for School Year 2024-2025

SY 2025-2026 EXHIBITS

THE ULTIMATE 3D SCIENCE EXPERIENCE

The Ultimate 3D Science Experience is an innovative and comprehensive program that provides an immersive and engaging learning opportunity for students of all ages. With a Chroma Key Workshop, over 20 science manipulative exhibits, a 3D movie experience, a telescope lecture, and object viewing, students can explore the worlds of special effects, physics, biology, chemistry, astronomy, and more. Through hands-on experimentation and exploration, students can develop their critical thinking, problem-solving, and creativity skills.

Telescope lecture and object viewing

SPACE DOME MOBILE PLANETARIUM EXPERIENCE

Space Dome Mobile Planetarium Experience offers a unique opportunity to explore the wonders of the universe within the comfort of your own school. Our portable planetarium is equipped with a state-of-the-art projector and audio system that enable an immersive and realistic portrayal of the night sky, complete with stars, planets, and other celestial objects. As an added attraction, students will also be introduced to the fascinating world of artificial intelligence. Our team of educators will guide participants in virtual space missions, planetarium shows, and Q&A sessions.

World of AI Artificial Intelligence

NEW: JURASSIC ON WHEELS AND WORLD OF AI

Jurassic On Wheels and World of AI: A New Educational Experience. Our immersive experiences promise to captivate learners of all ages. Witness historical inventions and their societal impacts unfold before your eyes. Explore the cutting-edge realm of artificial intelligence in "World of AI," discovering its fascinating history, effects, and limitless potential. Experience the thrill of Dino 3D Encounter where life-sized dinosaurs come to life. Uncover the mysteries of dinosaur evolution and extinction in "Jurassic Explorations," exploring into the latest discoveries and research in paleontology. Our "You Are What You Eat" attraction examines nutrition and health, educating students about the impact of dietary choices on their overall well-being.

DURATION: The program runs for approximately 2 hours per batch.

VENUE NEEDED: Space Dome Mobile Planetarium Experience, The Ultimate 3D Science Experience, and our new offering, Jurassic On Wheels and the World of AI

- One (1) well-ventilated classroom good for 50-80 students.
- One (1) well-ventilated classroom or Audio-Visual Room good for 50-80 students, we will provide the silver screen, 3d projectors, and sanitized 3d glasses.
- Electrical outlets with ample power supply
- Covered court for the Space Dome/Jurassic On Wheels and World of AI

TARGET PARTICIPANTS: We provide a program suitable for all levels: Preschool to Senior High School. We also cater College students.

Our team of experienced lecturers and staff is dedicated to delivering exceptional content that aligns with your school's educational goals and values. We will provide comprehensive support throughout the planning and execution of the exhibit to ensure a seamless and successful event.

Investing in scientific education is essential for preparing students for a future where critical thinking and problem-solving skills are paramount. Through our Science Mobile Exhibit, we aim to contribute to your school's mission of nurturing well-rounded, curious, and informed individuals.

Should you have any questions or require additional information, please feel free to contact us at the mobile number below.

Respectfully yours,

Kristel Dianne Tabangay-Barnhill and April Anne Lerit
