The Department of Education, through the Bureau of Curriculum Development-Special Curricular Programs Division (BCD-SCPD), announces the **Goethe-Institut's 2024 Science Film Festival (SFF)** to be held from **October 18 to December 1, 2024**, with the theme "Net Zero and the Circular Economy."

Organized by the Goethe-Institut, the head office of the Goethe-Institut Philippinen which is the partner of this Department in the implementation of the Special Program in Foreign Language (SPFL)-German, the festival will showcase thirty-five (35) science-related films, organized into categories for primary, secondary, and university/general public age groups, for viewing by audiences worldwide. The SFF aims to spotlight the critical role of net-zero strategies and the circular economy in addressing climate crises by encouraging practices such as reusing, recycling, and repairing existing products to actively remove carbon dioxide from the atmosphere.

In this regard, learners from both public and private secondary schools, including those from Regional Science High Schools (RSHSs), Legislated Science High Schools (LSHSs), Science, Technology, and Engineering (STE) implementing schools, Special Science Elementary Schools (SSES), and SPFL-German implementing schools are invited to participate in this event.

Additionally, an online link will be made available for schools with reliable internet access. Participants can access the films online by registering at
