2021 ASEAN Day Celebration

CreASEAN: An Art-Making Contest Commemorating ASEAN Day

I. Rationale:

Founded on August 8, 1967, the Association of Southeast Asian Nations (ASEAN) is considered today as one of the most prominent and successful regional organizations in the world. From five founding member-states, the ASEAN now comprises 10 countries, namely: Brunei Darussalam, the Kingdom of Cambodia, the Republic of Indonesia, Lao People's Democratic Republic, Federation of Malaysia, Union of Myanmar, the Republic of the Philippines, the Republic of Singapore, the Kingdom of Thailand, and the Socialist Republic of Vietnam. This year marks its 54th founding anniversary with Brunei Darussalam as the chair of ASEAN for 2021.

The International Cooperation Office (ICO) is mandated to act as the focal point for the planning and coordination of international and regional programs and activities of different international organizations including ASEAN. The office has been active in supporting ASEAN's initiatives, especially those that are related to matters concerning basic education in the Philippines. In addition, ICO also understands the importance of raising awareness of ASEAN among DepEd teaching and nonteaching personnel both in the Central Office (CO) and field offices and their learners. Given the community quarantine restrictions imposed under the New Normal, this year's ASEAN Month celebration will be held in hybrid format or virtually.

With the current conditions of the COVID-19 pandemic, the ICO has decided to conduct an online activity that will enable engagement, not only with stakeholders within the Central Office (CO), but also students across the country. Thus, this year, ICO will be spearheading CreASEAN: An Art-Making Contest Commemorating ASEAN Day. CreASEAN is aimed at providing a platform for the basic education learners where they can creatively express their perception, vision, and thoughts on ASEAN through their original creations. The contest will have two components: a) for elementary learners (Grades 1-6) and b) for junior high school and senior high school learners (Grades 7 to 12). The participants in the first component will be competing in Category 1 (Recycled Art) while participants in the second component will be competing in Category 2 (Digital Mask Design).

II. Objectives:

CreASEAN is aimed at the following:

1. Promote ASEAN awareness among DepEd stakeholders;
2. Invite more learners to familiarize themselves with ASEAN culture, history, objectives, and initiatives;
3. Recognize the creative artistry of Filipino learners; and
4. Strengthen the "makakalikasan" core value by conducting recycling and paperless activities.
