Dear Mr. Gazo,

Isang Makakalikasang Pagbati!

In order to implement the Waste Segregation Program in schools in accordance with the requirements of RA 9003 Article 2, Section 21 states that waste segregation must be done primarily at the source which includes residential, institutional, industrial, commercial, and agricultural sources. Additionally, Article V Section 12 of City Ordinance no. 13378-2018, also known as the Integrated Ecological Solid Waste Management Ordinance of Cagayan de Oro, mandates that educational institutions, offices of national government agencies, and private businesses develop an ecological waste management plan that includes segregation at source and provisions for materials recovery facilities.

Republic Act 9003 otherwise known as Ecological Solid Waste Management Act of 2000, provides for an ecological solid waste management program, creates the necessary institutional mechanisms and incentives, declares certain acts prohibited and provides penalties for violation.

In line with this, this office would be implementing the **"No Segregation, No Collection Policy"** starting October 2, 2023. Further, ***repetitive disposal of mixed waste in all school (both elementary and high school) shall not be collected.***

For concerns and assistance for the conduct of Information Education and Communication Campaign, please do not hesitate to reach out our SWM school-based coordinator Mr. **August Paul M. Bacarrisas** with contact No. **0932-280-5130**.
