**AIDE MEMOIRE ON
THE CAMPAIGN FOR CHARACTER EDUCATION (CACHET) INITIATIVE
(a program of Alalay sa Pamilya Foundation, Inc.
and the University of Asia and the Pacific)**

1. **NATURE AND AIM.** CACHET stands for Campaign for Character Education Tenacity, a program that aims to encourage boys and girls, young men and women, teachers, and parents from public elementary and high schools to personally strive (Campaign) for the cultivation of sterling human qualities (Character Education) with consistency and constancy (Tenacity), that is, doing so in all places, at all times, regardless of the challenges life may offer.

It seeks to complement, without duplicating, the work of the Department of Education in shaping, nourishing, and cultivating minds and hearts towards being better PERSONS, better STUDENTS, and better CITIZENS. Part of this complementation is the streamlining of its program along DepEd's "Maka-Diyos, Makatao, (Makapamilya) Makakalikasan, at Makabayan".

2. **THE BASIC PREMISE.** The main theoretical motive behind CACHET is that the character development of the students as persons, students, and citizens, through their PERSONAL DECISIONS, directly impact on their academic life and scholastic performance, with the home and the school playing their respective indispensable roles.
3. **ORGANIZERS AND THRUST.** CACHET is a project of Alalay sa Pamilya Foundation, Inc (APB), in partnership with the I Am STRONG ... I Keep Love Real (IKLR) Program of the University of Asia and the Pacific (UA&P). It is managed by an Executive Committee comprising three of its founders. The perennial thrust is to help the youth make good and responsible day-to-day decisions in key aspects of life, including home and family life; friendship and social responsibility; studies and career; love, courtship, relationship, and sexuality, teenage lifestyle, and life of faith and spirituality, in a lay and secular, non-religious, spirit.
4. **PROGRAM CHANNELS.** The channels of the program include, primarily, personal and individual mentoring for students and teachers; four sessions a month on the pre-selected virtue-of-the-month, including treatment of special issues and concerns facing the youth teachers, and parents; seminar-workshops and conferences; Usapang Magulang-Anak; Usapang Magulang-Guro; Usapang Kabataan; special projects such as Quiz Bee and Art Summit Mentoring Program, etc.

All activities are deliberate in their direction and plan; conversational and interactive; spritely and fun through culture and art interludes, as well as co-curricular competitions, mind games and trivia.

5. **REACH.** In its 15-year journey, CACHET has reached more than 20,000 students and teachers from some 1,000 schools, particularly in NCR, Calabarzon, and Region 10. To a lesser extent, it has engaged itself with schools in the north, the Visayas, and Mindanao. To date, within the two years of the pandemic and the use of the Zoom platform, CACHET enjoys the regular participation of some 400 schools, 250 of whom have CACHET clubs with their own set of fully active student officers and teacher coaches.

6. LOGISTICS. Expenses are covered mostly by benefactors, in cash, goods, and services, by such outfits as Mercury Drug (through the Professorial Chair held by its program director); National Bookstore; SANOFI, A Brown Co., Inc. The Henry Moran V. Foundation, Inc. Envisage Security Agency, APEX Mining Co., and GMA.
7. POSSIBLE PARTNERSHIP LINES WITH DEPED. CACHET, through its senior academics, has been quite capable in the past thirty years in conducting research, developing materials, and conducting development interventions on character education in general, and such issues and concerns as character-based sexuality education; character-based education in drugs; adult and peer mentoring; and home-school collaboration. This could be one channel of partnership.

Another channel of potential partnership is the holding of annual conferences for principals, teachers, and students, respectively, on particular education concerns and issues, with authorization from DepEd to charge breakeven fees through Local Funds (from the national budget) or Local School Board Funds (from the 15% real estate taxes). The organizers, particularly UA&P, was the spearhead in these DepEd authorized initiatives from the 1980s to the first decade of the 21st century through DepEd-recognized associations of principals working on the professional development of principals, teachers, and more importantly, students.
