Thru: **Dr. Nick C. Pañares**
Education Program Supervisor in Science, DepEd ROX

Dear Dr. Bayocot,

In our ongoing commitment to promote science and technology for all, the Department of Science and Technology - Science Education Institute (DOST-SEI) will be conducting the training titled "**Disaster Risk Reduction and Climate Change Adaptation in Education**" as part of the **STEM Teach** project. This initiative aligns with Republic Act No. 10121, also known as the Disaster Risk Reduction and Management (DRRM) Act of 2010, and falls under DOST's agenda to provide Science, Technology, and Innovations (STI)-based solutions for disaster risks and climate change adaptation and mitigation.

The training aims to enhance teachers' understanding of natural disasters, climate change, disaster risk reduction and management, and first aid, with a focus on integrating these topics into education. We cordially invite DRRM teacher-coordinators and/or Science teachers from your region to participate in the face-to-face training, scheduled from **August 15-17, 2024**. Registration is free, and DOST-SEI will provide meals and training kits during the activity.

Additionally, we kindly request your office's assistance in:

- Identifying and inviting **50 School DRRM teacher-coordinators and/or Science Teachers** (25 from elementary schools and 25 from secondary schools); and
- Issuing a DepEd Advisory or Memorandum to facilitate the participation of the identified teachers

For any inquiries, please feel free to contact our staff, Ms. France Turda, who will coordinate with your office regarding this request. She can be reached via mobile at 0945 327 6770 or email at seid.trainingunit@gmail.com.

Thank you for your continued support, and we look forward to your usual assistance.

Very truly yours,

ALBERT G. MARIÑO

Director III
Officer-in-Charge, SEI
