EDGAR T. YANEZ
School Principal
West City Central School

Dearest Sir,

The 4th year BSED and BEED students of Golden Heritage Polytechnic College enrolled in EDUC 11-Field Study 1, aims to conduct an actual visitation of the classroom, other supportive learning facilities and virtual observation and interview on some of the faculty members in Cagayan de Oro National High School-Junior High Campus and West City Central School.

In the light of the rationalizing the undergraduate teacher education to keep pace with the demands of global competitiveness, Article V, Section 13 of CHED Memorandum #30 states that "field study courses are intended to provide students with practical learning experiences in which they observe and verify on in an actual school setting; and these experiences will begin with field observations and gradually intensify until students undertake practice teaching.

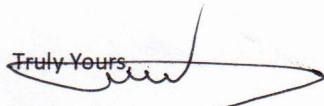

We believe that you have the best means that can provide our students the necessary experience to link learned theories and principles to the actual teaching-learning situation. Hereby, making them efficient and effective teachers in the future. In connection, we would like to request your good office to allow our students to have actual visit in your said schools to conduct interview and observations with the select teachers and students.

The schedule of the proposed actual visitation, observation and interview with the select teachers in your institutions is this coming **October 1 to 11, 2024.**

We are very appreciative of the valued support coming from your department in the training of these future teachers. Thank you for providing our students with this opportunity to widen their horizon in the field of teaching.

Thank You and More Power!

Truly Yours,

NECHELLE D. DICHOSA, PhD
Dean, College of Education
