SOUTH CITY CENTRAL SCHOOL: BSP SCOUTING ACTION PLAN S.Y. 2025-2026

Rationale

The Boy Scout Program in the elementary level aims to help learners develop good values, discipline, teamwork, and basic life skills through simple, safe, and enjoyable activities conducted in school. The action plan focuses on achievable activities that fit the learners' age, school schedule, and available resources.

This program supports the holistic development of learners by promoting character building, leadership, physical fitness, and community service, in line with the Department of Education's thrust on values education, disaster preparedness, and learner well-being.

Scouting is a vital program in the holistic development of learners as it fosters discipline, leadership, camaraderie, and social responsibility. The Boy Scouts of the Philippines (BSP) Action Plan of South City Central School for S.Y. 2025–2026 aims to strengthen pupils' character, enhance their life skills, and instill the values of the Scout Oath and Law. Through various developmental activities such as recruitment, training, investiture, community involvement, and environmental initiatives, the school promotes responsible citizenship and active participation in both school and community programs.

This action plan also supports the integration of scouting principles in classroom instruction, solid waste management, and community extension projects, thereby aligning with DepEd's goal of molding learners into well-rounded individuals. By actively engaging pupils, teachers, parents, and community stakeholders, the plan ensures a sustainable and meaningful scouting movement that equips learners with the knowledge, values, and skills necessary to face real-life challenges while contributing positively to their community and environment.
